

Fostering Jesus' Love

Matthew 25:40

Fostering Jesus' Love was started after much prayer and research to provide children in foster care a duffel bag or backpack diaper bag to use upon removal from their home instead of a trash bag. These children already feel as if they're being thrown away and leaving with all of their belongings, or lack of, in a trash bag doesn't help the situation. If WE can show the love of Jesus through a duffel bag and a helping hand then we will be making a small impact in a child's life.

Each bag is anointed and a prayer cloth is placed inside to let these littles know that they are loved and prayed for. Bags also include NEW items such as a blanket, a stuffed animal, toiletries, crayons or markers, coloring books, and any other items a child may need. Hats, gloves, and scarves are also made available in the winter.

This will be an ongoing journey and process to continually provide bags for littles going into the foster care system. We currently serve Henry, Hancock, and Wayne Counties. However, our goal is to serve every county in Indiana.

Any and all donations are appreciated! If you can't donate monetarily or with new items, then please pray for this duffel bag program, pray for DCS, pray for parents, pray for families, and pray for the children in foster care.

Donations can be made through PayPal to fosteringjesuslove@outlook.com (please send as a gift). Items may also be purchased from our Amazon wishlist - Fostering Jesus' Love.
